ABOUT US

Next Digital Zone LTD is a leading Digital Transformation Strategy Company. Our Business spans across modern ICT Solutions, Service Support and Training.

We are a team of experienced ICT Professionals who are out to digitally enable businesses and individuals to accomplish more using Digital Technologies.

Having understood the need for an agile IT Service management ecosystem, we have continued to promote quality IT service experience as well as identify and close service gaps within our customers' environment.

With the ever evolving technology landscape globally, Next Digital Zone business model is patterned to allow for flexibility and sensitivity towards customers need and preferences while matching the needs identified with the right technology solution.

Our highly motivated and experienced technical team, are poised to providing effective service delivery to our teaming customers across Organizations within Government and the private Sectors.

Some of the key customers we support include, Bureau of Public Enterprise (BPE), Nigeria Social Insurance Trust Fund (NSITF), Federal Ministry of Education, Pyrich Group and many more.

As a major ICT service Provider in the industry, we aggregate new technologies and partner top global technology brands within the industry to provide solution to our customers need.

Some of our key technical partners includes: Microsoft, HP, Sophos, Checkpoint, Fortinet, Cyberplural and many more. Next Digital Zone is customer-centric and we provide the much needed best service experience for our customers. This we do by leveraging our pool of vast resources and used cases.
